

» Vasto, Copper Rose Lens

INTRODUCING VEDALOH^D PRESCRIPTION SUNGLASSES.

When you have the most trusted eyes in the sky, you need a pair of sunglasses your eyes can trust. VedaloHD lenses give wearers full-color sensitivity: reds are redder and blues are bluer. And because our lenses aren't polarized, our sunglasses allow pilots to clearly read LCD screens without having to "flip up". And now, VedaloHD sunglasses are available in prescription lenses for the first time.

AVAILABLE OPTIONS

LENS TINT: Rx lenses currently available in our best selling Copper Rose Lens only

STANDARD PERFORMANCE LINE FRAMES: Bari, Belluno, Milano, Roma, Vasto

SIGNATURE SERIES FRAMES: Argento, Azzurro, Carbone, Rosso

ADDITIONAL LENS OPTIONS: No Line Progressive or/and Anti-Reflective Coating

INSTRUCTIONS TO PURCHASE

1. Visit your eye doctor to obtain your prescription and pupil distances.
2. Call VedaloHD at 800-801-4523 to give us your pertinent information and discuss your frame choices and available options for your lenses.
3. Check your mail for your new glasses and see the world in a much better way!
